BONE DENSITOMETRY

COURSE DESCRIPTION

The BC Radiological Society (BCRS) and The International Society for Clinical Densitometry (ISCD) have collaborated to bring you a Bone Densitometry Course and Certification Examination in Vancouver, BC commencing October 2 and finishing October 3, 2010.

The Clinician Bone Densitometry Course is designed for densitometry professionals who read, interpret and write reports based on DXA scans. Technologists may take the Clinician Bone Densitometry Course.

The Technologist Bone Densitometry Course is designed for densitometry professionals who acquire, analyze and generate DXA images and graphics. Clinicians may take the Technologist Bone Densitometry Course.

At the conclusion of the Course, the ISCD Certification Examination will be offered.

Certificates for Certified Clinical Densitometrist (CCD[®]) and Certified Densitometrist Technologist (CDT[®]) will be issued upon successful completion of the ISCD examination.

Registration fees include:

Course and Syllabus
Lunch & Refreshment breaks

FACULTY

CLINICIANS:

Dr. Brian Lentle, MB, MD, FRCPC, FACR, CCD
Professor Emeritus of Radiology, UBC; ISCD Board member and Chair of ISCD Vertebral Fracture Assessment and CME Committees
